S. R. Grace
Environmental Restoration Division
DOE, RFFOSTATUS OF ENVIRONMENTAL PROTECTION AGENCY (EPA) AND COLORADO
DEPARTMENT PUBLIC HEALTH AND THE ENVIRONMENT (CDPHE) COMMENTS ON
TECHNICAL MEMORANDUM (TM) NO. 9, CHEMICALS OF CONCERN (COC) AND TM NO.
10, TOXICITY ASSESSMENT - WSB-103-94Ref: S. W. Slaten ltr (08829) to Mr. Martin Hestmark and Mr. Joe Schieffelin,
August 23, 1994.On August 23, 1994, copies of the above mentioned documents were transmitted with
the referenced letter to EPA and CDPHE for review and comment. The referenced
letter requested that comments on TM No. 9 and TM No. 10 be received by September
21, 1994. To this date, EG&G Rocky Flats, Inc. is still awaiting delivery of
comments.Although EPA and CDPHE comments were not received by September 21, 1994, the
ability to meet the Inter-Agency Agreement Milestones (IAG) mandated for delivery
of the Phase II Resource Conservation and Recovery Act (RCRA) Facilities
Investigation/ Remedial Investigation (RFI/RI) Report has not been impacted. An
impact on our current schedule may occur if comments cannot be delivered to EG&G
by October 17, 1994. Pursuant to our discussions, EG&G will not be submitting
final drafts or formally responding to comments with Responsiveness Summaries for
TMs No. 9, No. 10, and No. 11 (Exposure Scenarios TM). Applicable comments
received from EPA and CDPHE will be incorporated into the Draft RFI/RI Report
prior to Department of Energy review.If you have any questions or require additional information, please contact Pete
Laurin at extension 8702.
